As a property owner in Linn County, and as an Oregonian and US citizen who has paid property taxes for decades, I am incredulous and beyond outraged that our elected officials would even consider such a preposterous resolution. First, they defunded the police in Oregon during the BLM fiasco, and now they claim they need money to make us SAFE? WTH?! What happened with all the money originally used to fund our safety; did you blow it all during your mismanagement of COVID? We're already dealing with inflation -- increased grocery, gas, car, energy and insurance prices -- and now this?! I'm an historian and the comparisons to how autocrats in Marxist governments outlawed private ownership of land so they could control it, or made it nearly impossible for citizens to own property, is chilling. It honestly makes me wonder what the deeper motives are behind this resolution. Suck us dry? We, the voters of Oregon, expect you -- our ELECTED officials -- to do what you're supposed to do: Better our lives, Protect our constitutional rights, Protect us (without bankrupting us) and LISTEN TO US WHEN WE SAY STOP! ENOUGH!
