Measure: HJR201

I am appalled that the state is attempting to supercede what the citizens of Oregon voted on long ago. Our taxes are abominably high and those of us who are seniors are being taxed out of our homes. I am adamantly opposed to taxes being raised higher than they already are. You need to care about the human element before forcing higher taxes on homeowners which will only force more people into dire financial situations, especially those of us who are on social security without disposable income.
