

Submitter: Chelsea Eichenauer

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

Oregon's legislation needs to stop laundering money, stop the misuse of our hard earned money and find the money to provide public safety and secure our state. I'm surprised more people haven't started working under the table to avoid the already ridiculously high taxes we pay in Oregon, I have a strong feeling that will happen more often if tax rates keep going up.
