My husband and I are both retired and living on a fixed income. With the constant rise of food, clothing, gas, etc etc, we can't afford to pay more property taxes. Our taxes have increased steadily every year for the past ten years. Isn't the State of Oregon taking enough from us already?

It seems that the government's place anymore is to take what they can from all who actually work/worked to support this country and take care of EVERYONE and EVERYTHING that those (who have put nothing into the system) cannot do. What are you all going to do when you can no longer take from US? Where are you going to go then??

NO MORE TAXES!
