Measure: SB1576

Please pass SB 1576-3 to restore recreational immunity on public and private lands. Without this too many existing outdoor recreational opportunities will likely be lost and future gains precluded. For example, crafting a way for free public recreational access to the O&C lands managed by the BLM would be a huge win for a large portion of Oregon. Perhaps incentivized by enhanced state-sponsored fire protection for those lands and the private holdings checkerboarded amongst them?
