

Submitter: Jennifer Kelly

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

Please do not raise taxes. My family can barely afford to survive as it is. We struggle to pay our property tax already and almost lost our house last year because of this. The house is fully paid off but with Covid, we lost work. Our truck my husband used for work got stolen out of our driveway and stripped. We have nothing left to give. We get taxed at every turn. No one can afford to give any more, we are struggling as it stands. Everyone I know is struggling. Please stand with the people and don't take more from us. Good jobs are scarce, inflation is out of control, a lot of us are living paycheck to paycheck. Please, do not raise the property tax.
