

Submitter: Prof Dave White

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

This money is not needed. Climate Change is about fear mongering and removing people from the earth. <https://twitter.com/TomANelson/status/1740356736643400074>
Podcast with Tom Nelson who has 15,000 followers for the college textbook we published for environmental science. Make 2024 the year for planting native trees and shrubs. 23 ppm of fraud in the NOAA carbon dioxide rise. More than 50 PhD's at NOAA have been fired. https://cctruth.org/NOAA_Mauna.pdf cctruth.org
