

Submitter: Dan Campbell  
On Behalf Of:  
Committee: Senate Committee On Education  
Measure: SB1583

To the Honorable Chair and Members of the Senate Committee on Education

I am writing in support of the measure in order to prevent discrimination against any individual or group listed in the bill. In recent years it appears that the type of discrimination that this bill addresses has become commonplace and accepted by many in our society.

Although we have done a lot in the past to move forward with free and open education, I fear that some would take us back to a time when this was not true.

Please do what you can to prevent that by passing this bill.
