A big huge NO to another property tax and worse yet A PERSONAL PROPERTY TAX to fund a 'public safety body'. A personal property tax is the WORST tax you could inflict on the residents on Oregon. This taxes cars, trucks, farm equipment, motor homes, IRAs, investments -EVERYTHING YOU OWN. WHY ON EARTH WOULD YOU EVEN CONSIDER THIS? Most states are doing away with this ancient and horrible tax and here is Oregon trying to put one in place? Stop taxing the people of Oregon, we can't take much more. Everything has gone up in cost now you want to tax us more. This is going to make it impossible for lower income people to live in Oregon.
