More taxes? Really? Oregon legislators need to do what they have forced the residents of Oregon to do. CUT BACK. LIVE WITHIN YOUR MEANS! Your ridiculous socialist and “equity” decisions have forced those people and companies who actually produce to leave the state for greener pastures. To be replaced by addicts, criminals, and non citizens sheltered from the laws you expect the rest of us to abide by. Your policies have invited addicts, criminals, and the unhoused from around the world to move here, and you support their “need” on the backs of those who are just surviving the increased costs and high tax burden, already on the edge of homelessness.

It is time for a sea change in the way this state is run.

Heed the warning, “democracy ends when a majority discover they can vote themselves distributions from the public purse. Thereafter, only those who will give them what they demand get elected. Then, there is no one left to fill the coffers.”
