OPPOSE this Bill. Already the tax issues are burdensome for many. This is not a one-size fits all state. Local control is absolutely necessary to meet the needs of every county. Residents should not be required to pay for the problems created by poor leadership leading to problems dealing with public safety and every other issue that's being used as justification. Why not reconsider changing some obvious problems like enforcing the existing laws and following the state constitution? It's admirable to admit problems have been created by poor leadership and fiscal mismanagement and to step up to the plate and deal with issues head on.
