

Submitter: Taryne Saunders
On Behalf Of: My children
Committee: Senate Committee On Education
Measure: SB1583

This is absurd to even consider. DEI is ruining this country, by being the most racist movement since slavery. We do not need to rewrite history to include the gay rainbow soup community. STOP FORCING SEXUALITY AND SEX ON OUR CHILDREN!! These are actual children that you are trying to groom into sexual deviant mental health patients. It's disgusting what this world is coming to, and it's bills like this that are destroying the future for the kids in this country.
