

Submitter: Sandra Morgan
On Behalf Of:
Committee: Senate Committee On Education
Measure: SB1583

I'm a resident of Portland, Oregon. I'm writing to express my support for this bill which addresses important issues of intellectual freedom and access to information for children. Our National political landscape has become littered with laws purporting to protect children but instead hurting their development and growth by banning books on subjects that are important for them to learn about and consider. It is now important to codify intellectual freedom and representation in our teaching materials. Please support this bill. Thank you for your time and consideration.
