

Submitter: Peter DePaoli
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

Dear committee member,

As a retired minister, on a fixed income, I am submitting this testimony to be utilized as a witness of not having this proposal leave your chambers.

The good people of Oregon pay proportionately higher property taxes than most other states, and we need to abide by the law passed in the 90's that constrained such increases.

Please add my vote to oppose such an increase in order to sustain our seniors being able to live within their homes unbuttoned.

Thank you,
Rev. Peter DePaoli
Sherwood, Or.
