Measure: HJR201

OREGON LEGISLATORS, IT IS A BIG NO ON HJR201!

I do not support any additional property taxes. We the People are paying too much in taxes as it is without any additional property tax.

What are you trying to do, put so much tax on our property that us Senior Citizens can't pay and then the property reverts to the STATE, LIKE THE COMMUNIST PARTY OF CHINA. That is what it appears to me.

We the people will revolt and protest this move should you continue to pursue this action. We are already the highest taxed STATE in the Union and the poorest run State on top of that.

We need to curb the GOVERNOR and get her act together or we will continue to be the worst State in the Union.

I OPPOSE MEASURE HJR201. WHY DO YOU 'NEVER' LISTEN TO OUR TESTIMONIES? .
