This is a bad idea, as a homeowner we are just about ready to loose our home due to owing past property tax, was denied a deferral to help us with a stupid reason our home value is to high, what is that? I've had health issues cancer and limited income we a retired. The medical bills are killing us.

Oregon wants to be to much like California. Oregon keep raising tax and their will be a lot more foreclosure on seniors and others who are trying their best to keep a home with fuel, groceries , car and health insurance keep raising their prices. People can't live.
