Committee: House Committee On Rules
Measure: HJR201

VOTE NO ON HJR 201 – NO STATEWIDE PROPERTY TAX

Housing in this state is already not affordable and increasing property taxes will not help. Oregon is already one of the most expensive states to live in between income taxes, property taxes and all your "hidden" taxes. My husband are already considering leaving Oregon to retire, because of the taxes. Who is going to pay your taxes when taxpayers leave the state. It definitely won't be from the homeless. Oregon is one of the few states the homeless rate is still increasing and why not with all the free stuff you are giving away with taxpayer money.
