

Submitter: dell goldsmith

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB4112

I urge you to support and vote for enhancement of Oregon's opportunities in the clean energy and green tech fields. These areas will grow and be needed to develop jobs in a responsible way as opposed to jobs and industries that harm workers and the environment. We cannot train and encourage our young people especially, to be constructive, ethical citizens if we fail to develop jobs in these areas.
