

Submitter: Thomas Busse
On Behalf Of:
Committee: Senate Committee On Education
Measure: SB1583

I am concerned that this law singles out only one religion for special treatment.

Although Jews and those of Jewish descent have made special and unique contributions to American history, could not the same be said of Catholics? of Mormons? of Muslims? All of these religions have experienced discrimination in the context of American history and history textbooks, yet only one religion is mentioned in this bill.
