

Submitter: Heidi Geschwill

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

I OPPOSE SB 1583. Do not take local control away from school districts! Citizens support candidates that will do the right things for their children in their respective districts. If there are districts that support certain ideologies, let those parents support those candidates. Some districts don't support some ideas, and they should be allowed to have their say as to what is best for their children. Stop trying to circumvent the will of the people of Oregon, and let SB 1583 go to the trash bin where it belongs. Thank you for considering.
