

Submitter: Mike Miles
On Behalf Of: Self
Committee: House Committee On Rules
Measure: HJR201

Enough! I was a patrol officer for 30 years in Medford, OR. I dealt with the homeless constantly, and i can count on two hands the few that were homeless by reasons other than they chose to be. Stop giving them my hard earned tax dollars so they can inject themselves with drugs, or souse themselves with alcohol. Every week i see them pouring water bottles out so they can return the empties for cash to buy alcohol and tobacco. If younreally want to help them, stop enabling them, and stop making Oregon so attractive that more come here to take advantage of the system.
