I strongly oppose this bill. We in Oregon are already taxed to the brink. You say "public safety" when in fact it is just another money grab that we the people can't fight against because you want to make it constitutional. The bureaucratic machine is in over its head, you've created problems with your policies by not criminalizing drugs and other offenses all in the name of equity or social justice or any monikers you create. You created a problem, IMHO you don't want to fix it because it would put special interest groups out of a job. Quit using our hard earned money to feed the coffers of problems you created. I strongly oppose this bill. Stop stealing from us!!!
