On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

I am against amending the state constitution to revise how property taxes are determined. This needs to remain at county levels. Currently those of us in rural areas of the state have our needs overlooked by the more popular counties. The citizens of each county have a better understanding of our economic health and needs. One it is in the hands of state there would be a heavy handed temptation to raise property taxes to pay for programs to support illegal immigrants
