Measure: HJR201

I would urge you to OPPOSE this bill. This bill side steps the limits voters put in place, so this tax now becomes a blank check for the state. It will cut into retirees quality of life by taking away more of their income. It will raise rents as landlords pass that cost onto their tenants. It will most likely cause more homelessness as people are already teetering on the edge with sky high rents, sky high food prices, and sky high utilities and/or cause those contemplating leaving the state to do so.

Please vote NO.
