

Submitter: Lellaniah Adams

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

Oregon has the second highest tax in the nation already and funding new ways to wash out the tax base (for instance measure 110) is unacceptable. This is another way to trick voters into defunding the police stop it government has destroyed this once beautiful state Oregonians can not afford this and our legislature doesn't need any more power it needs balance!!
