

Submitter: Janay Trimble
On Behalf Of:
Committee: Senate Committee On Education
Measure: SB1583

I oppose this bill as it will take local control from our school districts imposing state controlled books and curriculum that can and will harm children that will be exposed to sexually obscene material under the guise of "discrimination". Please think about the innocence of our children broken by sexualizing them and that is not protecting them and takes away a parent's right to protect their child while at school. You all should take the same oath doctors take- "First Do No Harm"! Parent's responsibly teach their children to be kind to one another and they decide when and where to allow or teach their children about sexual situations not the public school system. Vote NO on this bill please!
