

Submitter: Loretta Johnson

On Behalf Of:

Committee: House Committee On Early Childhood and Human Services

Measure: HB4086

Dear Committee Members,

I oppose this Bill. * Medical Providers and medical coding already have these issues described and classified.

As well, a child should not be partaking in sexual activity and the only reason this Bill is here is to allow these children to be exploited and abused.* Jeffrey Epstein, if still alive and Bill Clinton would approve of this Bill.

By allowing this you will promote abuse and our Children are not safe from sexual predators in Oregon: meaning all ages of abusers!

* "(A) Sexual orientation, gender identity or disability; or

"(B) Consensual sexual activity or exploration, provided the activity or exploration is not criminal or abusive in nature.

Oppose this Bill and protect the innocent Children.

Loretta Johnson
