Measure: SB1583

Submitter: Linda Farrington  
To the Senate Committee On Education  
RE: SB1583  
I strongly oppose this measure.

The local control of school districts is a right that far outweighs the "right" of children to know all things! Children are still developing and forming and do not have the physical, emotional, or mental maturity to process adult material or situations. Please protect the parents and community's right to-- discern what is best for our children. We know them best. There is no emergency!

Thank you for the opportunity to submit testimony.
