Measure: HJR201

Our family votes a vehement NO NO NO on raising property taxes!
This bill is an overreach of government control upon the people. government overspending and mismanagement of budget accounting to work within their means. This bill is added taxation and usury against the citizens of Oregon in an already and increasingly unstable local and global economy of increasing food costs, inflated interest and mortgage rates. Now you want to kick the people even more when they are down and struggling to make ends meet.
This Bill is unethical and without integrity to the people as

* It Removes current local control over property taxes from Counties/Cities by allowing new statewide property tax scheme without limits.

- Would allow Portland politicians to raise property taxes on rural Oregonians for their reckless spending.
- Removes current Constitutional limits on property tax rates (Measure 5) and assessment rates (Measure 50) with sneaky exceptions.
- Risk throwing seniors, the disabled and other limited income Oregonians out of their homes as property taxes become limitless.
- HJR 201 would be a referral to voters, because that is the only way politicians can remove/tinker with current Constitutional property tax limits that protect home owne
