

Submitter: Lorita Lange

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

This bill if passed would adversely impact so many Oregonians as to cause many to be unable to pay their property taxes, causing default. Is homelessness our future? Please also consider many of your constituents are already struggling to buy food, pay rent, pay for medical expenses, maintain their homes. I'm also concerned that many of us didn't even know that this bill was being considered. Very SHORT NOTICE on your part.
