

Submitter: Jill Luther

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

“I OPPOSE HJR 201. We the people have too high a tax burden, we currently are facing a growing homeless crisis and extra taxes will only cause more undue burden to families and individuals who are scrapping by to afford housing and essential items. I believe we need to look around at other avenues to build financial support for public safety other then through taxes on the backs of hard working and HONEST Oregonians.
