

Submitter: Michael Sitter

On Behalf Of: myself

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

This bill will restore public access to towed watersports in the Newberg Pool including my family. SB1590 will carry forward the OSMB's education program keeping boaters informed of the latest boater safety measures.

Furthermore, scientific studies show that waves created from a safe distance do not significantly impact shorelines. I believe that residential development, winter storms and changing water levels have a much greater impact on shorelines and erosion.
