Measure: HJR201

I oppose measure 201. This is bad for Oregon. If passed, the money would be poorly managed to further a failed economic agenda.

Oregon has the highest paid public school cost per student and poorest graduation rates in the country. Oregon has the poorest landlord tenant laws and poorest housing crisis. Oregon has per capita the worst crime and drug problem than other states.

It's not a money issue, it's poor leadership.

We need strong leadership not higher taxes to raise the bar in education and cleaning up our broken cities.

I vote NO
