

Submitter: Darcy Koenig

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

Taxpayers in Oregon are suffering due to the poor leadership and outrageous policies in Oregon. An increase in property taxes is not a solution for anyone, especially small business owners who are still recovering from Covid policies that destroyed their businesses. Why is there a need to rush a bill like this? The public safety crisis we are currently facing is due to the rampant homelessness and drug abuse issues that Oregon is failing to address. Our family strongly encourages Oregon lawmakers to vote no on this amendment.
