Committee: Senate Committee On Education
Measure: SB1583

I strongly support SB 1583. It is so sad that we need a bill that prohibits discriminating textbooks, instructional materials, or library books used in public schools. I want to continue to see books available that represent everyone. Many of the attempts to ban books are blatant in their opposition to LGBTQ+ Material and I feel it is so important for all students to see themselves reflected in their community.

Sincerely,
