

Submitter: Andrea Wishart
On Behalf Of: Lake County Public Transit
Committee: Senate Committee On Judiciary
Measure: SB1553

I support every opportunity to protect our drivers and passengers when out on the road. We operate in a very, very rural environment with 90 miles to the next emergency services on many points of our routes. Safety for all is paramount. Anything we can do to detour this activity from our vehicles will be to our program's benefit.
