Measure: HJR201

I oppose HJR201 because this is very harmful to many many Oregonian's. Oregonians already pay higher taxes than most states. This would remove current local control over property taxes, allowing new statewide property tax scheme without limits not good for homeowners. This risks throwing seniors this disabled and other limited income out of their homes as property taxes become limitless. This makes it harder for people to retire in Oregon. Please stop this bill from going any further stop making it harder to live in this great state.

Thank you!
