

Submitter: Lee Schrepel
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

Oregon does NOT need another tax. Or an additional tax. Or higher taxes. The attitude of Oregon's majority party leadership is tremendously unfriendly to business & has been for many years. Oregon's taxes are among the highest in the nation. Oregon is driving people out of their homes & businesses, & then throwing money to the wind in an effort to support the unemployed & homeless, thus attracting more & more of them to this state. The idea of a 'state property tax' is not wise. It shows once again we cannot trust the liberal political majority that has ruled this state for decades. Stop this proposal in its tracks!
