

Submitter: Carey Brown

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

If HJR 201 passes, my family will not be able to stay in Oregon any longer -- we will be forced to move and take our small businesses with us. The last 4 years have wreaked havoc on us, as well as most Oregonians, and we are all barely hanging on. This bill will only HURT Oregon and it will continue in its downward spiral. Please do the right thing and OPPOSE this bill and side with the people of this once great State.

Thank you.

Carey
