

Submitter: Laurie Dougherty

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB4112

Chair Marsh, Vice Chairs Levy and Levy,

I urge you to support HB 4112 Clean Tech Leadership, with the -3 Amendment. Funds from this bill will put Oregon in position to receive a share of the \$60 billion from the Inflation Reduction Act for investment in clean technology manufacturing. This will provide jobs in Oregon and boost local economies in the state.

A state procurement policy, as described in the legislation, will support clean tech jobs and local economies and bring economies of scale to foster development of clean tech manufacturing in Oregon.

Thank you for the opportunity to comment.
