

Submitter: KARIN KAUFFMAN

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

As a property owner of both personal & business property, I strongly oppose any more tax imposed on my properties to pay for continued mismanagement & failed promises through increased property taxes. I strongly oppose paying for any other county/cities that have grossly misappropriated funds & created policies that do not work. This is not fair & equitable for all counties across Oregon. Please stop this in Committee immediately & do not allow this to go to the House floor for vote. Protect & work for all Oregonians hard earned money!!
