

Submitter: Carol Humphreys
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

With respect, I can't imagine how this is even being considered! I may be in an apartment, but I have friends and relatives who could be at risk of having to sell their homes and rent or move to another state!

This could mean my children and grandchildren could never afford to own property in this state!

The prices of just about everything is way too high as it is, and the bottom line is that HJR 201 is bad for the majority of the people of this state! Please, PLEASE DON'T LET THIS PASS!!!!
