Committee: Senate Committee On Education

Measure: SB1583

I have lived in Oregon my entire life . I served 6 years in the US Army Reserve , Vancouver Barracks. I served about 2 years as a Board Member on a Charter School about 4 years ago. I have two grandchildren currently attending that Charter School . I am very pleased with the independence at that School and encourage more state of Oregon

School districts to add charter schools to improve the quality of k-12 education.
