

Submitter: Rocco Thorpe
On Behalf Of: Me
Committee: House Committee On Rules
Measure: HJR201

Thats going to make thongs worse for us all. My property taxes are hight enough and no matter what they go up every year. I have to work 2 jobs to get up with my bills. You where voted in to help us not take more income from lower and middle people. all that has been done is take more money from us who leave pay check to pay check or work our selfs to pay this. I pay alot to federal and state taxes and get less back. So I don't like this issue. Oregon is tax happy and that's why people are moving to other states because of the taxes we pay now. I feel it will get worse for us tax payers.
