

Submitter: Kathy Hill

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

The state has no business telling parents or teachers what and how to teach. There is too much place given to those who have mental disorders, not knowing what a woman is. Too much gross sex stuff is being pushed. This is abuse of children. This needs to stop NOW! Parents are the ones to teach their children morals not the state!
YOU DO NOT GET CONTROL OF OUR CHILDREN!
