

Submitter: S Luce

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

Please do NOT approve this property tax measure. Retired people are not going to be able to stay in their homes. As well, the draining of funds from the rest of the state to support "the big 3" counties is an increasing detriment to the livelihood of the other counties.

My family has lived in this state since before it was a state. I am embarrassed to say I am from Oregon. Watching its decline over the last 40 years sickens me. Stop, just stop it.
