

Submitter: Bruce Hamovitz

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

I am 100% against this measure. As Parents Rights in Education states, "SB1583 is a draconian attempt to force local districts to use any and all materials the state wants, not what the community chooses. By prohibiting all local school boards from choosing or restricting materials, they are eliminating parent choice, and that's just wrong!"
