

Submitter: ELAINE LAVINGTON

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

As a grandparent of two elementary school students in the Oregon Public School System, I am opposed to SB 1583. Please vote no. Schools are not to be raising our children and grandchildren. Parents, grandparents, and school boards need to have a voice in our children's and grandchildren's education; not the Oregon Public School System.
