

Submitter: Matthias Mueller

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

Oregonians already pay one of the highest taxes in this country. It is time that the OR government act like any other citizen in this state and make spending choices based on what it can afford and not by continuing to pull additional tax dollars out of people's pockets.

I am fully opposed to this measure. It should not even get to the full floor.
