

Submitter: Tamara Ramirez
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

Dear State of Oregon Legislators,

This is in response to HJR 201. I am opposed to increasing property taxes for Oregon residents. Since living in my current home, my property taxes have increased 33% in eight years. This rate of increase is unsustainable with all the other increasing costs of living. To my knowledge funding public safety is already a part of our property taxes. I believe increasing property taxes would cause an undue burden on residents of Oregon, that are already experiencing hardships.

Respectfully,

Tamara Ramirez
